**N1AH60 Melco Music Library with 6TB HDD € 2499,00 black & silver**

**N1ZH60 MK II Melco Music Library with 6TB HD € 4999,00 black & silver**

**N1ZS20 Melco Music Library with 2TB SSD € 9000,00 black & silver**

- C1AE05** Melco Hi-Res Audio Ethernet Cable 0.5m **49,00**
- C1AE10** Melco Hi-Res Audio Ethernet Cable 1.0m **59,00**
- C1AE20** Melco Hi-Res Audio Ethernet Cable 2.0m **79,00**
- C1AE30** Melco Hi-Res Audio Ethernet Cable 3.0m **99,00**

Shield

- Double shielding – eliminates both external influence and internal crosstalk.
- Each individual data pair within the cable is individually screened to eliminate internal crosstalk.
- Secondary overall screening of the complete cable assembly eliminates external influence and interference. Five step screening ensures purity of the digital music transfer.

CAT 7

- Wide bandwidth low jitter design – CAT 7, 600 MHz
- The wide band cable design, including the precision connectors, ensures both optimal data transfer and elimination of data jitter to ensure the integrity of the data transfer between network connected audio components.
- C1AE has wideband transmission speed 6 times that of Cat 5e, 2.4 times of Cat 6.
